Piano and Guitar Lessons

at

Trinity Lutheran School

Dear Parents,

Allegro Music & Dance Academy is again pleased to offer fun and educational piano and guitar lessons at Trinity. One of our most popular instructors, Matt Mifflin, will be teaching during the school day on Tuesdays and Fridays.

What to Expect:

Our private lesson format allows us to focus on your child and customize a program to his/her learning style. Piano students will use the Piano Adventures series of books with supplementary materials suited to the interest of each student. Guitar students will learn a combination of note reading and chord songs with materials chosen based on age and ability.

How it Works:

Students are taken out of class each week at a different time so as not to disrupt a particular class too often. The student and instructor then go to the teaching area for the lesson after which the student is returned to his/her class.

About Us:

Allegro Music & Dance Academy is a private arts school with locations in Lockport, Lemont, and Bolingbrook. We teach students in our studios and also in some local area private schools. More information about us can be found on our website, www.allegro-academy.com. Matt Mifflin is a music educator and professional musician who believes learning music should be fun but structured to insure steady progress.

What is the Cost?

Lessons are charged at a rate of $79 per month, September thru May.

How to Register:

Call our Lemont studio at 630-257-6964 or our central office at 877-ULEARN3. We will mail you the registration forms and get you started right away!
