The Philosophy behind Familytime

Children. We all have heard it, but they truly are our future. Therefore, the more time we can spend teaching them valuable lessons on life bodes well for all of us. It is proven that parents are the most influential force in a child's life, whether good or bad. We want to take advantage of that and give you the tools necessary to create a young person who is in tune spiritually as well as socially. Familytime will allow children to express their faith in a safe environment. The benefits of this are endless and once you engage your child in this practice, you will begin to see the change too.
