

## **Impact Campus Ministries – Ministry Summary**

Impact Campus Ministries is a community of students seeking to pursue model and teach intimacy with God at the University of Idaho and Washington State University.

Our community finds its expression in many different forms including:

- **Care Group Bible Studies** – these are coed groups of 10-15 students who meet weekly for food, fun, and time together. We'll share a story from the Bible every week and unpack it together. We were never meant to walk this journey alone and this is your cheering section.
- **Life Groups** – these weekly groups are gender specific and are usually 2-4 in size. The main focus of these groups is to read through a book of the Bible each week, pray for each other and our friends who don't know Christ, and encourage each other to walk with Christ.
- **Sunday Night Dinners** – a home cooked meal in an actual home. Life doesn't get much better. After dinner we hang out, chat with real people versus online, and usually play some games. Depressurizing for the week to come never felt so good.
- **Real Life Ministries** – getting students plugged into the body of Christ is a student's opportunity to connect to a larger, richer community beyond the campus. It's a great place to get loved on and love on others.
- **BEMA Discipleship** – If you are looking for a deeper study of the Bible BEMA has what you are looking for. This is an opportunity for our students to examine God's word and practice spiritual disciplines to grow their spiritual root system deep in Christ.
- **Service Projects** – We are firmly committed to serving other through local and international opportunities to put hands and feet to the love of Christ.
