

# Redeem A Nation Ministries, Zimbabwe

To rescue the lost for eternity and teach them to redeem their nation

## UPDATE ON THE TWINS

Well we don't really have an update on the twins that is any different from the last newsletter. The paperwork has finally arrived in South Africa about 2 weeks ago. So in essence, 10 months after the babies being put in the orphanage, we are only slightly closer to getting them back than we were before they moved! Hopefully with contacts we've made along the way, and now that the papers have been found, we'll have fast progress, but until then, our life is still the same as it has been the last 10 months. The twins are growing so big! They are now 23 months old (hoping we'll have them back by their 2<sup>nd</sup> birthday) They are talking, running, climbing and just so cute!!!! We just adore them! Adonaijah's new word is yangu which means "mine" in the native language, Shona. So everything now has yangu on the end, even if it shouldn't! Mommy yangu, Daddy yangu, out yangu, finished yangu! Amariyah's favorite thing to do at the moment is sing...especially on the toilet! She seems to have a great ear for music, and sings so sweetly!

The New Year has dawned upon us, and has so much to look forward to with the Lord being our creator, savior, & LORD!

The LORD has given us two amazing kids, who unconditionally love, want, and intimately need us. Even though the conditions are tough, we are 'Blessed!'

Our Pfumvudza (Maize/Corn Plot) Project did not take off. Due to a number of setbacks, we were not able to get everything in place for planting time. We do plan on getting the same group ready for this next season. This targeted group allows me to connect weekly, which becomes a great opportunity to share Christ through Bible study, interaction, and relationship building. This is targeting +/-50 families.

The flower seed growing has broken new records once again! We have gone from 282 packets of seed to now 560 packets ... more & more folk are interested in connecting with us through this project. We had 9 farmers set new records on yields that have not been met in the 6 years we've engaged in this project. We are issuing certificates of recognition, which gives a proud sense of achievement!

## Encouraging Testimony

In 2011 I delivered Bibles to a Primary school in our area, & used a translator. About 5 weeks ago a Dreadlocks haired man came up to my car window, with something to tell me. He said since he translated for me he has become a Christian! He said what I had to say really touched him! I never knew until 5 weeks ago the effect that the message I gave had really impacted someone else!!! You never know when you are planting, but remember God does the watering!!!

## Evangelism

I'm specifically working on the relationships of six men; Sammy, John, Asam, Manuel, Tafadzwa, & Tapiwa. There will be a seventh man joining our team shortly. These men are going to connect with 22 other people (men/women). We are aiming at establishing small group Bible studies with these small groups. Each of these 132 (6 by 22) live in a village with more than 20 other families! What a great opportunity to build upon God's kingdom creating 'Communities of Believers'!
