

Curious what this year will bring for The Vineyard family? Today Pastor Mark brings the "2012 State of the Church Address". This year's address will not only report on our present condition but will give special attention to areas of ministry that will be expanding in this new year. This important

message will lay a foundation for our church family and anyone interested in knowing what life will be like around the Vineyard in 2012.

## #1 Physically- Regularly full and occasionally crowded.

\*We are beginning to consider a building expansion.

Hints:     \*Be Nice.  
              \*Be Generous.  
              \*Be Signed-In.

## #2 Financially- We are good.

## #3 Spiritually- Making progress that is important.

\*When God is doing something, His people don't stay the same.
