DAY 7 : Equipping the Next Generation

Each year NAMB facilitates the placement of more than 1,000 summer and semester missionaries who work alongside missionaries and church planters. These short-term experiences are a training lab for future career missionaries, church planters and on-mission Christians.

DAY 8 : "Love Loud"

Ministry evangelism missionaries love loud through service in a variety of ministry roles such as community, literacy, resort, seafarer, sports evangelism and pregnancy care. They infuse ministry evangelism in the church planting process and know that making disciples of Christ means an investment in people's lives, which is a critical element in helping a church to grow and be healthy.
