HILLSIDE CHRISTIAN CENTER

HILLSIDE
CHRISTIAN CENTER

Dear Hillside Friend,

Have you ever said something like, "People are weird"? I have. I've also noticed that sometimes it's hard to relate to others or even get along. As Christians, we are called to love others. That is why we have made it a goal to learn to love like Jesus in small groups (SG).

This year, our SG theme is **MIX IT UP** because the Bible says in Psalm 133:1, "How good and pleasant it is when God's people live together in unity!" So let's make it a point to learn with those who are different than us.

You will help others discover the greatest potential for spiritual growth when you begin to **MIX IT UP** in a Christ centered SG. Your faith will be tested, but strengthened. God's desire is to see us grow and help others grow in their relationship with Jesus...with fun, accountable, and reliable friendships, but this will only happen if you and I are intentional.

Here's how to plug into a Hillside SG:

1. Choose any SG out of this directory or at www.hccnapa.com
2. Contact the SG Leader to sign up
3. Show up & finish the trimester (Feb 6 - April 24)

I believe you have a lot to offer, so don't miss your chance to "live together in unity." It's time to **MIX IT UP** as you learn to love like Jesus!

Enjoying the journey,

Eric S. D.

CAPTIVATED BY THE LIVING WORD

The Gospel of Mark...Believing that Christ lives and continues to walk among us, eager to touch and transform us, together we will seek a deeper awareness of his presence and love by the primary way he reveals himself: the Living Word. Together we will learn to listen for God's voice through prayerful reading of the gospel of Mark.

Using the ancient Christian practice of Lectio Divina, (spiritual reading) we will learn how to walk through scripture in context. In a prayerful listening posture that calls for response to the movement of the Spirit in our lives, we will seek to encounter and surrender to the Living Christ in the New Testament Gospel. The goal of this group is to equip participants to prayerfully allow the Living Word of God to transform their hearts and lives so that they might "become more like Christ." Benefits of committed participation are: closer communion with God, deeper personal insight, spiritual growth and fruitfulness.

This group includes daily homework of prayerful Scripture reading, scripture memorization and application. Also included in the semester is one (2 hr.) group service project (TBD), when we will seek to act upon the Truth through compassion and mercy to those in need in our community.

HIS NEEDS HER NEEDS

Sometimes the adjustment for newly married couples can be difficult. For years, we did things our own way - now we are doing them together in marriage. This can be tricky. Angela and I have found marriage to be a fun, life-giving experience through the teachings of the Bible, friends, and books like "His Needs, Her Needs." We are excited to share the treasures we have learned with you. Of course, Angela and I are still trying to make it all work ourselves, so your participation will help us see things again for the first time. We invite you to come along on this journey with us.

THE PEASANT PRINCESS

The Song of Songs is a series of poetic love songs that not only describe the relationship between a husband and wife, but also serve as an illustration of the eternal heart of God, for those who are married to Christ, our beloved. Join us as we listen to podcasts from Pastor Mark Driscoll, from Mars Hill Church. Our primary focus while in the Song of Songs will be how the Peasant Princess became an exemplary wife; our secondary focus will be the intimate marital relationship she shares with her husband. Through her example, God has much to teach us regarding his plan for sex and marriage. But it's not all about wives. We will also learn how the husband is to serve, protect, and lead his wife.

Outreach

WAY OF THE MASTER

Have you ever read, "Therefore go and make disciples of all nations, baptizing them in the name of the Father, Son, and Holy Spirit?" or "He gave them power and authority over all demons and to cure diseases." My brothers and sisters, the harvest is plentiful, but the workers are few. Don't you think it's time you get out there and follow the command of the Lord? "The Way of the Master" is a crash course in evangelism. You will have a chance to watch professionals on DVD, role play, and study together with a group who wants to take the great commission to heart.

Parenting & Family

SPIRITUAL PARENTING

It's hard enough to train kids to behave, but good behavior isn't what Jesus calls for in the Bible. He wants hearts and souls that are shaped in vibrant faith and love toward God and others. How can parents cultivate this in their children? Let's explore this together through this DVD series that empowers parents to be the primary nurturers of their children's faith and creators of a home environment God can use to work in their children's lives. Families will be transformed as they learn how to create space for God-encounters in everyday life.

Spiritual Growth

A HOLE IN OUR GOSPEL

We will be studying a book, "The Hole in Our Gospel," by Richard Stearns, CEO of World Vision. Along with this book, we will investigate scripture to see what God thinks about the role Christians play in the world. Is it our job or the governments? Do we simply love God and go about our lives? Do we literally sell everything, live in our cars with our children, and give it all to the poor? Are we ALL called to missions or just a few? Can we really change the world? What does God think about these things? We plan to investigate and pray and discuss and figure it out in light of scripture.
