

Dear Parents,

Spring is officially here. I love spring because it brings with it all the signs of new life. Spiritually speaking, I am excited about all that God is doing through the Chosen Student youth ministry program at Calvary Assembly of God, and not only what is being done currently, but what He is going to do. Signs of new life are present in Chosen. In the past few months we've had quite a number of new faces, and I am excited to see the passion that is arising in students hearts as they are becoming more active in the church and in ministry.

CHURCH: THE BODY OF CHRIST.

As a body has many functions and parts, so does a youth ministry and church. Just as a healthy body has all of its parts functioning and working together, so is needed in a healthy youth ministry and church. Our goal as a youth ministry is to work together in order to be an effective light in the world in which we live. In order to do so, we need to work together so to represent Jesus to our families, friends & community.
