Greetings delegates,

We are excited here at your National Congress of Christian Education dean's office that you will be studying, serving, worshipping, and be in fellowship with thousands of National Baptists in June in Dallas for this year's annual Congress of Christian Education.

Much prayer, preparation, and persistence has been done to make sure that this year's session will be the greatest one to date.

Some exciting new course offerings, along with some dynamic teachers, returning and new, from across the heart and soul of our Baptist family awaits your arrival. There also will be unbelievable worship opportunities along with presentations in drama and arts and technology for every generation of learner including some innovative and great ministry toward becoming more in Solidarity with the Savior from children, youth, and young adults.

Let's come to Dallas to learn how to grow our Sunday Schools, Christian Education ministries, missions, evangelism, vision, churches, leaders, pastors, teachers, members and to help our Christ advance the Kingdom of God in this world beginning at Dallas!

In His Service,

*Elliott Cuff*

Dean, NBCCE
