Greetings All!

Welcome aboard to the work of our National Baptist Convention Pastors and Ministers Division. It is with honor that I have the opportunity to serve along with you as we revolutionize and raise the standard of this dynamic and demographic of our convention and calling. As you will notice in this communication, the program and platform that we will present to some 33,000 pastors and ministers across this nation and abroad, provides for changes in our seminar and worship settings. Some of our norm and courses have been eliminated, others have been modified so as to make our program for churches, pastors, and ministers more relevant. Some will be immediate and some are forthcoming. Enclosed please find the registration form for offered courses.

I offer my sincere gratitude to those who have served as instructors and program participants for many years. This communication serves as your notice regarding all immediate changes to seminars and lectures. And while our efforts signify change, by no means does this mean abandonment of the foundation that you have helped to build. We will be welcoming new voices and variety of preaching and lecturing styles, and will eventually reach back out to those of you who have served as lecturers in the past. We will revisit and revise some of the previous seminars with the objective of reintroducing them in the very near future.

Welcome to those who will be joining us anew as staff and seminar leaders. I look forward to your innovation and significant critique. I call upon each of you to approach this initiative with the passion and enthusiasm that will invite and intrigue as well as benefit any and every pastor and minister and laity alike. Please forward to my email address your selected text book(s) and lesson syllabus for your seminar by May 1, 2015 for compilation and print.

Envisioning the future exceptionally,

*Dr. Tellis J. Chapman*  
*Director, Pastors and Ministers Division*
