21st Century Expo Group, Inc. Introduces ExpoOrders!

21st Century Expo Group, Inc. (21stCEG) proudly introduces its new Online Ordering System: ExpoOrders. This system allows the exhibitors and vendors to order their services completely online without the use of paper, faxes, and/or mailing.

Each exhibitor receives a “Welcome” email which will give them the basic information about the event. It will also provide them with their own individual User ID and Password along with the link to access the system for the National Baptist Convention – June-COCE and September - Annual Session.

Upon accessing the system each exhibitor will be provided with ALL of the pertinent information about the convention. In addition, utility information, shipping information, and facility information will also be provided.

They will also use this system to orders all services needed. Using this “user friendly shopping cart” system the exhibitor can then choose their payment method to finalize their order. Upon finalizing their order they will receive a copy of the order that was placed. The system will automatically send them an invoice once the order is processed by 21stCEG.

The system can be assessed at anytime and orders can be placed at their convenience.

Remember to include your e-mail address on your Application for Booth Space in order to receive information about the convention!! We look forward to seeing you in 2012!!
