Below is a testimony from a college student involved with the ministry I'm apart of.

His name is Ryan Martinez, and he was the second young man I discipled. Ryan is leading my small group in my absence and is doing a fantastic job!

Thank you for reading!

Ben,

Ryan Martinez

It's your main man.

I say that in all sincerity-I really am a product of your example.

If you had seen the giant mountain of pride I rode when I first met you-it would have made you sick.

Your friendship in the small group stretched me further than I knew possible.

It is my new pride and privilege to claim you as a friend, mentor, brother, housemate, teacher and role model.

You were God's ultimate instrument in sledge hammering my heart of stone, and creating a new, more humble, more teachable spirit within me.

Ben, if you weren't here, I'd be so much less a man of God and more a man who accomplished nothing.

Know that you are a huge blessing to so many people-it's ridiculous!

Never stop pushing to grow, never forget who you are, and always know that you are one of the greatest men I know!

With much love,

Ryan Martinez
