I, the renter of this rental equipment, assume and understand that floating on a river can be HAZARDOUS, and that rocks, logs, bridges, plants, animals, other people, my equipment, other equipment, exposure to the elements, variations in water depth and speed of current, along with other structures and equipment, and many other hazards or obstacles exist in the river environment. In using the rental equipment or any facilities or vehicles related thereto such dangers are recognized and accepted whether they are marked or unmarked. River floating can be a strenuous and physically demanding activity. It requires walking, bending, standing, balance lifting, paddling, swimming, and awareness of the outdoor environment. I realize that slips, falls, flips, and other accidents do occur and serious injuries or death may result and I assume full responsibility for these risks. I further realize that personal property such as wallets, watches, keys, phones, glasses, food, and other items brought along on the trip may be damaged or lost during the course of the activity and I assume responsibility for repairing or replacing such items if damaged or lost. I acknowledge that alcohol consumption on the river is illegal and against company policy. I further acknowledge that consuming alcohol while participating in this activity will affect my judgment, response time, physical ability, and coordination and could increase my chances of being involved in an accident or being affected by the natural elements. I further acknowledge that life vests are always recommended and provided and if I choose not to wear it I do so at my own risk against the advice of Let's Go Tubing, Inc.
