**Download information
flyers, testimony
documents, US and CA
law updates, and next
Amanda Network
Meeting or Anti-Bullying
Campaign presentations**

"THE AMANDA NETWORK-ABC"

The goal of this anti-bullying campaign is to bring more awareness and education on the issue of bullying. By sharing Amanda's story with our communities and schools, we encourage all to treat everyone with respect and take a stand against all forms of bullying in their presence.

Our goal includes encouraging new policy changes to the Education Code, State and Federal Laws. "The Amanda Network" wants public accountability and strengthened support for these new laws. Everyone can be a member of this grassroots network. Together we can make this change happen TODAY! WE NEED YOUR HELP!
