Income & Services

Income

Income
Based on 2014 statistics, our income sources came from six main categories as noted on the graph. Each source of income is significant to our growth. The services we provide to our clients is based solely on the contributions we receive. In 2015, we look forward to increasing participation in our 5K Run / Walk for Life in May. We also seek to meet our financial goals by adding new monthly sponsors, ensuring consistent income.

Services

Services
We constantly analyze how we serve our clients with educational tools, provide meaningful services, and effectively minister to them. Almost half of our clients actively participate in the Earn While You Learn program. Our impact is further increased by the use of Our Daily Bread Bible Study and Bethel Women's Clinic services (which provide FREE pregnancy tests and first trimester ultrasounds.)

These services are only made possible with your contributions!

Post-Abortion Support

If you, or someone you know, is in need of post-abortion support, you are not alone. The emotional impact of this choice can be devastating. Feelings of guilt & depression, flashbacks & loss of sleep are common, as well as thoughts of suicide or suicide attempts.

There is hope. There is healing.

At Voice of Hope you will find compassion and understanding. We provide one-on-one peer counseling and post-abortion Bible studies. Call 740-223-0419 and ask for Debbie.

Volunteers Needed in Upper Sandusky

At Voice of Hope we see all kinds of people. We see teenagers, we see young unmarried couples, and we see families where both mom & dad have a job. There are single mothers or fathers who are trying to make it on their own. There are grandparents who have been placed in the difficult position of raising their grandchildren. Some people are grateful for our help. Some feel that they are entitled to everything we have to offer. We see all of these types of people every day.

So did Jesus. These were often the same kinds of people He ministered to on a daily basis. There are so many people who come to us for help with material needs who also need to know and feel the love of Jesus. As a ministry, we can show them the love of Jesus. We can pray for them; let them know that someone cares while meeting tangible needs. This is where spiritual gifts and God-given talents shine. Compassion, understanding, healing, faith, the ability to listen; these are all gifts that are essential to the success of the clients at Voice of Hope.

We need your help. Our ministry does not function without volunteers and the time they have to give. Our client hours are based upon volunteer availability. Currently, we are in desperate need of volunteers in Upper Sandusky. As the number of clients in Upper Sandusky has grown, the need for volunteers has increased. We want to be available to help families in Upper Sandusky succeed. More clients to serve is an answer to prayer. We need volunteers who will invest their time and God-given gifts to work with our clients, and we need you now!

Volunteering is not always easy. Every client we see is different, unique in their own family and life circumstances. Not one family situation is the same. Do you feel called to invest in someone else's life? Could you spend that time knowing that you may not see the fruits of the seeds you plant?

Consider our need, pray for God's direction, and answer His call to love. Like the parable Jesus shared in Matthew 25:40: "... **Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.**" This is the foundation of our ministry. We are called to sow Jesus into the lives of the people who come seeking our help. We don't always get to see the seeds bear fruit, but when we serve Jesus, it is worth our time!

For more information about volunteering, please call our Marion Center and ask for our Volunteer Coordinator.
