GUEST SPEAKER GIANNA JESSEN

PART OF HER STORY...

Gianna Jessen does not quit. Giving up is not an option to her. Gianna has what she refers to as the "gift" of Cerebral Palsy. She weighed a mere 2 lbs. at birth and the doctors said she would never be able to hold up her head, sit up, crawl or walk. She began to walk by the age of three years old with the help of leg braces and a walker.

Gianna is a Christian. Her life was given to her by the grace of God. She shouldn't be walking, but more miraculous still; she should not even be alive. Gianna's biological mother was 17 when she had a saline abortion in her third trimester. Many Americans don't realize it is legal to have an abortion throughout all nine months of pregnancy. After being burned alive for approximately 18 hours in the womb from the saline solution, Gianna was delivered alive in a Los Angeles County abortion clinic. Her medical records state, "born during saline abortion"...this is what caused her Cerebral Palsy.

COME AND HEAR THE REST OF HER POWERFUL TESTIMONY ON SEPTEMBER 29TH!
