“Committed to Excellence in Training and Support”

A Note from Chaplain Mike Ryan, Region 2 Director

On behalf of our ICPC leadership, I want to welcome your participation in our annual ICPC Region 2 Regional Training Seminar. This year’s conference offers a balance of ICPC Basic Training along with advance courses designed to address challenges we all face.

We are honored to have *Dr. Randy Rowland* and *Cindi Sinnema* as our speakers this year. These two professionals bring with them a wealth of experience and perspectives for our encouragement and consideration.

For years on Sunday you’d find Pastor Randy Rowland addressing a congregation in Seattle’s Greenwood neighborhood. But, during the fall he also spends many of his Sundays speaking to a much larger group of followers. That’s because on those days Randy can be found high above Century Link Field as the official public address announcer for the **Seattle Seahawks**. Randy says, “My job is to help 68 thousand people be frothing Seahawk fans and make this the loudest most impossible place for another team to play.” So, while Sunday’s may be a pastor’s busiest day each week, Randy has no plans to stop “speaking” to the devoted Hawk 12’s *congregating* at The Clink.

Randy is also a professor at Fuller Seminary in Seattle where he taught a course on chaplaincy to several dozen military chaplains, many of whom were corresponding with Randy after class from the fields of battle in Iraq and Afghanistan. From this perspective and decades of pastoral experience with high-performance personalities in high-stress settings, Randy brings a fresh perspective to the history and challenges of current-day chaplaincy.

Cindi Sinnema is known as the “Disaster Pastor,” principally because she has responded to *over 100 natural disasters!*

Currently serving as a Program Specialist on the staff at Behind the Badge Foundation, she has provided support to Washington State’s law enforcement agencies, families and communities after an officer has died or suffered serious injury in the line of duty - including providing ongoing assistance to those who continue to serve and protect our communities, and their families.

Cindi has worked in the field of traumatic response and community support for over 30 years. She attended the University of Washington and worked with Separation and Loss Services at Virginia Mason and then as a chaplain. She has assisted individuals, families and communities who have been impacted by disasters, both natural and man-made. She has worked with first responders all over the country to provide support and follow up services to those impacted by the unexpected; and trained community volunteers to provide assistance in the aftermath of trauma and loss. When addressing the topic of resiliency, Cindi brings a wealth of both knowledge *and* personal first-hand experience to the conversation.

Our experience together at Canon Beach Conference Center affords many opportunities to strengthen and make new friendships, deepen our resilience, and raise the bar as proactive chaplains to our charges in law enforcement.

As ever, if I or our Area Representatives can serve you in any way, please let us know. Thanks in advance for being with us.

Stay safe and God bless, *Mike*
