

Prayer Request for the Week of June 9th, 2013

The power of prayer is unsurpassed. Please keep all of the requests in prayer as the Lord lays them on your heart. If you can give us any update please email it to me so it can be corrected for next week.

It is always God's will to heal the sick and injured. God does not show partiality or favoritism. We never doubt either the capacity of God to heal nor His willingness. We have this confidence.

Continue to remember our project in prayer.
