## **Welcome,**

We trust you'll find the info here you need to connect with us. If not, please write me at: [LifeImpact@lifeimpactministries.net](mailto:LifeImpact@lifeimpactministries.net)

Since our start in 2003 we have seen some exciting growth in the number of Oases and Partners. We love that because it allows us to serve more Christian Leaders in more locations around the Globe.

Life Impact is committed to provide excellent care services to harvest workers in each hosted center, called an "Oasis." Our Partners offer unhosted quality facilities for personal retreats. A successful result of our ministry is a strengthened, encouraged, and refreshed Christian leader.

So if you are a Missionary or Pastor in need of some time away and perhaps some confidential processing of a personal issue, please consider a visit to one of our Oases.

And if you are a follower of Christ, concerned about the well-being of missionaries and pastors to stay in the ministry and work effectively, please consider partnering with Life Impact through your prayers and financial support.

**Please Partner with us in some way to keep Harvest workers strong and effective**
