## Pala Native Lighthouse Conference

-Korky Rogers

I was invited to speak at the first conference put together by Native Lighthouse Ministries, an organization that outreaches on Native American reservations. The conference was held January 31, 2009. The theme was "The Language of the Spirit" and what a wonderful Holy Spirit time we had!

I spoke at all three of the sessions on Baptism in the Holy Spirit, praying in the spirit, and the Gifts of the Spirit. The Holy Spirit moved to draw those who needed to be baptized in the Holy Spirit and also released to pray in the spirit, with several people responding and receiving. During the teaching on the gifts of the Spirit, the Holy Spirit again moved to demonstration by having people who knew how to flow in the gifts minister to those who wanted to. Much ministry took place among the people.

When teaching the session on "the language of the Spirit" much prophetic insight concerning the supernatural manifestations of the Holy

Spirit and of heaven itself began to flow. The necessity of knowing the "voice" of the Spirit of God and obeying His direction was much emphasized as well as learning to discern the manifestations of supernatural occurrences. All present were ministered to and blessed.

Communion had been pre-planned to be ministered by one of the Native American ministers present. We were wonderfully blessed as unity among the tribes was spoken of and demonstrated when the Holy Spirit began to move on people spontaneously to ask publicly for forgiveness from one another. What a tremendous presence of the Lord during that time!

We are looking forward to much more time with Native Americans as God is moving so mightily across this area in power and glory on the reservations.

Giving Grandma Nella protocol gift.

## Ensenada Holy Spirit Outpouring

-Mike and Korky Rogers

We have been given an outstanding opportunity to be a part of the Holy Spirit's move in Ensenada, B.C. In October of 2008 Mike was asked to minister at Bethel Christian Church of Loma Linda by the pastor, Santiago Samarin. What has followed since then is an exciting and wonderful testimony of God pouring out His Spirit in a place!

Pastor Santiago told us that he had "had it" with church as usual. He told God that he wanted revival and he meant it; that he would get out of God's way. He told the worship leader of the church to change the music to something new, out with the old stuff!

Then Pastor Santiago met Mike at another meeting in Ensenada and asked him to come to his church for a weekend of ministering to church leaders as well as the congregation. Mike taught, prophesied and the Holy Spirit demonstrated that weekend!

Upon our return the following month we received an avalanche of testimony of the supernatural of God visiting a place; from the pastors to many in the congregation. Angels were seen by the

children, there was spontaneous baptism in the Holy Spirit, singing in the spirit by the music team, prophetic music by musicians who had never prophesied on their instruments before, prophetic words came forth from people who didn't even know what it was, salvation for people coming in off the street, and on and on.

The most wonderful and spectacular event that took place day after day was the Holy Presence of God in the church building and on the property. As a result of being in His Glory service after service lives were being dramatically transformed supernaturally! The Glory of God rested and remained upon the people long hours after they had left the building. And wonder of wonders - the people could hardly wait for church to begin again!!! And all this happened in

just a few short weeks.

Pastor Santiago, Rosie his wife, and the members of their leadership team are truly humble people of God, who want nothing more than to be in revival God's way! Therefore, it is happening!

Mike has prophesied that the city of Ensenada will be transformed by this outpouring at Bethel and it is beginning to happen as the church members find themselves being led by the Holy Spirit to pray for policemen at gas stations, restaurants, and ministering to people they meet on the street and inviting them to church, including other ministers in the area.

Pastor Santiago and Rosie are longtime residents and pastors of Ensenada, thirty-one years, and are well known and highly respected in the community.

They have waited a long time to see this outpouring of God's Spirit there and it has just barely begun!

Presently, more than 20 outreach churches are also experiencing the fires of revival due to Pastor Santiago's church influ-

ence. At the request of Pastor Santiago, Mike and David, our son, will conduct a Leader's Conference on the anointing in San Telmo at the end of this month.

Please join us in fervent prayer for Baja California and especially the Ensenada area. They are our neighbors to the south from which revival fires will blow up California through the Latino communities, especially among the young!

Pray for us to be able to continue to travel into Baja and other parts of Mexico to help fan and sometimes start the flames of revival and outpouring. We are excited and sober minded at the same time concerning this great opportunity of the Spirit of God.

## Lifeline Healing and Miracle Service

-Mike and Korky Rogers

On Sunday evening, March 29, we conducted a miracle and healing service at Lifeline International Ministries in Murrieta, CA.

Mike taught from Acts on the greater works through Peter's shadow and Paul's cloths. He fully demonstrated the power of the Holy Spirit working through both vehicles to heal and deliver, by the Holy Spirit within and upon a believer. It was not only revelatory to see the power of God demonstrated but to be encouraged to mobilize yourself to do greater works also as Jesus said those who believed would do!

Mike had Rick Jarman hold a spotlight behind him so a shadow was cast upon each person in line as Mike walked past each one. You could see with your own eyes the difference in countenance and effect of the anointing on each person as Mike's shadow passed over them. Some began to shake, others laughed or

giggled as joy filled their souls, others fell under the power of the Spirit.

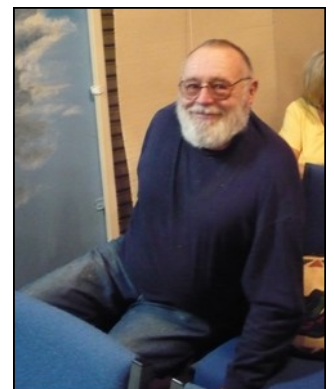

One gentleman who was hooked to an oxygen tank slowly made his way to the front for the "shadow" impartation. When Mike's shadow passed over him he fell out under the power of the Holy Spirit and lay on the floor for quite a while as the service proceeded on. When he was helped to his feet, he removed the oxygen tube from his nose and quickly walked back to his seat, healed! No one told him to do that, nor was it suggested from the pulpit, he did it on his own. We so rejoiced with him!

In demonstrating the transfer of anointing to cloths, Mike used paper napkins and laid hands on a stack of them to transfer the anointing to them. He had a young girl whose name is Savannah, hand one to each person who wanted one. If they needed the anointing for something personal, the effect was immediate as most fell under the power

of the Spirit, even many who had not experienced that before. Those who wanted the napkins for others were also affected by being touched by the anointing on the napkin without drawing on the anointing. One gentleman put the napkin to his face and began breathing in the anointing! We had never seen that done before!

We experienced such a heavy presence of the glory of Jesus throughout the whole service! We so appreciate Lifeline for extending the invitation and Patricia Jarman and Bryan Stringer for such an outstanding time of worship!
