ACTION PLAN (Part I)

How sophisticated does the church need to be in order to meet the Lord's expectations? We live in a highly technological society of e-mail, smart phones, lap-top computers, and impressive power point presentations. While technology is ever changing, the great commission never changes. Therefore, whatever men devise in the way of polished agendas and expert presentations, the charge to the Church (go make disciples) has remained intact over the centuries. This was the order of the day after the resurrection of the Savior (Matthew 28:18-20).

Our collective command is to baptize all believers into the body, and once they have been converted, they must continue to be taught. Churches that baptize are churches that grow. These same churches bring glory to God by these actions: (1) saving souls and (2) keeping souls saved. What is our purpose if this is not it? In Daniel 2: 2-3, the prophet speaks of the time when all of mankind will be awakened from the dust and he also speaks about the soul winner's reward to shine as stars forever and ever.

Minister Keyton's Retirement Love Offering.

On last Sunday, Elder Alfonso Cheney announced the Minister's Retirement Love Offering that will be collected each fifth Sunday for Minister Keyton. If you elect to participate in the proposed plan, the total contribution per member is \$250, and our collective goal is \$100,000 by April 2015. If you are able to give more or less than the proposed \$50, Bro. Keyton will be grateful for your love and consideration. The first love offering is Sunday, March 30.
