

"Trinity helped me figure out who I am as a person. . . It was at Trinity where I came to realize how much I need Christ and how much happier I will be with Him in my life, because I saw it in everyone I met there. . .

I strongly believe that everyone who has either directly or indirectly crossed paths with me has something to do with the challenges I overcame and the success I achieved."

*A place where students can gather, learn, grow, and belong*

**TRINITY**  
CHRISTIAN ACADEMY

## OUR STATEMENT OF FAITH:

We believe that God, in infinite love, has come to mankind in the person of Jesus Christ, that He was born of a virgin, that He lived a perfect life, that he died on a cross to redeem humanity from sin, that He rose from the dead, and that He ascended into heaven from which He will return at the appointed time to judge the living and the dead.

We believe that both the Old and New Testaments are the infallible, inerrant, inspired Word of God. As II Timothy 3:16-17 says, "All Scripture is breathed out by God and is profitable for teaching, for reproof, for correction, and for training in righteousness, that the man of God may be competent, equipped for every good work."

We believe that the Father and Son sent forth the Holy Spirit, and that it is by the indwelling and sustaining power of the Holy Spirit that a Christian is enabled to live a life pleasing to God.

We believe that "unless the Lord builds the house, those who build it labor in vain," and we entrust our efforts and the entire enterprise that is Trinity Christian Academy to that Builder.

## DEAR FRIENDS AND FAMILIES OF TCA

Ben Haskell, Headmaster

As we celebrate Trinity's 45th Anniversary, we are reminded of God's endless faithfulness and provision. What started as an early childhood program housed in a church in South Yarmouth has since blossomed into a fully accredited Pre-K – 12th grade program perched on a 6.9-acre campus in Barnstable.

Today, we have an incredible opportunity to further develop and strengthen our academic and extracurricular programs at TCA. After several months of planning and praying, a generous supporter has committed resources to help us build a Creative Arts and Activity Center. His gift covers the architectural, building, and engineering fees and will help pay for the cost to build the exterior shell of a 48' x 88' steel structure. What a great start!

The proposed project will do so much to enhance the overall learning environment and program offering at Trinity. The addition will provide the space needed for physical education classes, after school sports practices, school events, meetings, lunch, drama, art, music, and band, while also giving us the flexible space we might need for other specials and electives.

The goal of the *Building Community for Our Children* campaign is to raise the funds and in-kind gifts of materials and labor required to finish this project off! Won't you please join us in this effort to build community for our children?

Thank you for prayerfully considering what you can do for the children at Trinity Christian Academy.

Yours for Christian education,

Ben Haskell  
Headmaster

## OUR HISTORY

Trinity School of Cape Cod, as it was originally named, was established in January 1967 by four ministers and three laymen with a vision – a vision to provide a solid Christ-centered education for children in the region. When the doors first opened, the school welcomed pre-school and kindergarten students in two buildings owned by the Evangelical Baptist Church.

"The students were moving in their presentation and testimony-to the power of love and truth in their education and to the testimony of the teachers and staff at Trinity Christian Academy"

TCA Friend and Supporter

Over a period of 30 years, Trinity continued to add grades while expanding its footprint and program offering. By 2003 the school, by then named Trinity Christian Academy, had outgrown the church facilities. Through God's providence, Trinity was able to secure 6.9 acres of land in Barnstable and over a period of three years build two wings to house the expanded, fully accredited Pre-K through High School program.

While the school has certainly grown since those early days, we have always stayed true to our vision and mission:

*Through the teaching of a dedicated Christian faculty, high academic standards, the foundation of Biblical truth, and a wholesome Christian environment, Trinity Christian Academy seeks to educate and equip its students to become productive citizens in our society for the glory of God.*

## TODAY'S CHALLENGES

Trinity has come so far over the past 45 years, but new needs have surfaced, especially the need for adequate space for key programs – critical programs that help to develop the whole student. We currently rent gym space and use community and local church facilities to accommodate our physical education classes, after school sports, and school events such as drama and musical performances.

Our library is also suffering due to the need to multi-purpose this space. On any given day the library also serves as a computer lab, Spanish classroom, study hall, accommodates the Yearbook class, and doubles as a meeting room. The sheer multitude of uses limit the number of books and computer stations we can house in this space.

And while Trinity's art room is adequate, it also doubles as a lunchroom for the Upper Level students and as a meeting room.

The time has come to embrace the next important step in Trinity's history – the addition of a new Creative Arts and Activity Center.

"... What surprised me most coming to college is the remarkable advantage my education in high school gave me over my peers. I had already swallowed and digested texts regarded as collegiate, and had already had discussions my college professors thought would rock my faith to the core – but my faith remained."

Kyle Lincoln, Class of 2009  
(Biblical Studies and Christian Ministries double major at Gordon College)

**PROJECT VISION**  
*Creative Arts and Activity Center*

The proposed Creative Arts and Activity Center will not only add over 4,000 square feet to our facility, it will open up so many new possibilities for Trinity. The new center will provide a space for our students to gather, learn, grow, and belong.

On the surface the center will address the need for additional space for:

- Physical education classes and after school sports practices
- Indoor recess during inclement weather
- Special school events and meetings
- Lunchroom
- Drama
- Art
- Music Classes and Band Practice
- Flexible classroom space for special courses and electives such as Spanish, Yearbook, and Computers

Yes, it will meet that need, but more importantly it will allow us to experience the greatest fulfillment of our vision – to educate and equip students to become productive citizens for the glory of God.

*"When I think of what you have given to our grandson, I thank God for every remembrance of you! In financially enabling him to attend Trinity for another year you "have made the way" and we are grateful. At times like this there are just no words."*

TCA Grandparent

**A PLAN TO ACCOMPLISH THE VISION**

This project is not just about bricks and mortar, it is about children. Providing an adequate facility in which to carry out our mission and vision is essential to reaching their hearts and minds. To ensure the future excellence of Trinity, we desperately need this additional space.

**Project budget to finish the center:  
 \$500,000**

Won't you join us in shaping Trinity's future?

Your help can come in so many different ways. We will gratefully accept pledges, cash gifts, stock, or in-kind donations of materials and labor (carpentry, painting, etc.).
