

Lil' Learners Tot Time

Parents:

This is a great class for networking with other parents while your tot, age 18 months - 3 years (not yet enrolled in preschool) has fun discovering, through their senses, the world around them.

During the first part of class time, mom and tot can engage in different hands-on experiences. There will be a mom and tot circle time as well as time outdoors. We will end with story time.

Each month classes will have a different theme emphasis in some or all of these areas:

- sensory tubs
- books
- blocks
- writing tools
- Parachute
- Social interaction
- Music and Movement
