SUNDAY SCHOOL

In America, at least once a year we take time out to celebrate various "creators" from many genres. Whether these people write screenplays, develop new vaccines or sing our favorite songs, we pause to honor them for their creativity. If we can do this as a nation, then how dare we not consider and recognize the workings of the LORD in our lives and throughout the land and universe!

Come to Sunday School and find out how **GOD** simply wants us to acknowledge **HIM** for **HIS WONDERFUL WORD** and **WORKS!**
