“COVID-19 and Its Impact on African American Health!”

The COVID-19 pandemic has presented many new and unique challenges for the world at-large. Unfortunately, the African American Community and other communities of color have been impacted the hardest mentally, physically and emotionally by this widening health crisis. As a result of this reality, many people are left wandering in the valley of despair and searching for a beacon of hope and information.

On Monday, February 8, 2021, New Prospect Missionary Baptist Church will host a special virtual symposium on Zoom featuring African American Physicians who will provide information from their perspective on the effects that COVID-19 has on the African American Community and provide tips on what we should do to remain safe, healthy and strong.
