with acts of compassion.

# Global Action International

Dear friends,

I am so thankful for all that God is doing through the Global Action International ministries around the world. Our theme is "Making a Difference!" and I am so grateful that we are able to carry out that theme in a great way. This can only be done by people like you standing with us in the gap to reach out into the highways and byways and make an eternal difference.... You'll see some of what is taking place by the three illustrations that are included in this newsletter. Please know that it can't be done without your help. I wish you could read and hear the reports that come to us. There are many uplifting spiritual and physical miracles that are shared along with struggles we can pray for. I can say thank you for all you are doing but someday you will hear the words "Well done good and faithful servant" from the Lord himself.

Blessing

Dr. Dwaine E Lee, President

THANK YOU for your DONATION  
DONATE on our secure WEB SITE  
OR - send donation to our address  
above.

Love and Care ministry is a program to help patients who need long term treatment. The teams that come to Guatemala hold clinics in villages around the Lake Atitlan and San Lucas Toliman, There are a few cases who need long term treatment and because of those who donate to the Love & Care Ministry we have been able to provide long term treatment to at least 50- 60 patients per year.

Long term treatment also involves multiple trips to Guatemala City, which our doctor organizes. Each time this involves a long day trip with patients starting at 3 am and could finish as late as 10 pm by going to the city and back. We are grateful to those who have and give to this ministry.

Blessings,

Jorge Santizo,

Missions Director PLM

---

Dear Brother in Christ

Greetings.

Every month we go to a different village with our FREE mobile medical clinics. We went to every street and house and our doctors gave treatment and medicines for those who needed them. Many heard the gospel nicely. Praise the Lord!

So many of the people are living in very poor conditions. Both men and women are drunkards. We are organizing the De addiction awareness program with Dr.Shem Rajan directing Because there are no churches in many villages we conduct a village outreach ministry with music .Please pray. We must get some souls for our Lord.

Joshua

Dear My encourager and spiritual father,

Hoping that you are well.The family is well. I am here to give you updates on every situation I know.

We have lost many near Yei town in South Sudan. Seventeen people have been slaughtered and hacked down with pangas and machetes.This has made fleeing to other Countries like Uganda and Congo continuous.Others find the camp life hard and try to go back saying better to die in South Sudan.The Population is huge in each camp.As I have visited so many of the camps I'm told they left everything. So many needs but one thing they've asked for are BIBLES, which we can get through UGANDA BIBLE SOCIETY. We appreciate any who could help provide Bibles for these refugees.

Continue to pray for South Sudan.

Thanks

Rev Tom Nak Kokanyi
