A Word from Dwayne Lee

Almost nothing motivates me more than saying something is impossible.

Why? Because if we attempt and achieve something that others think cannot be done, then God can be the only explanation as to how it happened. Sometimes we just need to show up and God will do the rest...But, we need to show up.

If we cling to only what is possible then where is our need for God? But if we attempt to do things that absolutely depend upon his involvement then we can do what is otherwise impossible.. That is the power of impossibility. It is the power of God.

Many could have said that the School-Orphanage that was just dedicated in Nigeria could not happen.- where would the money come from? But we / you saw the need and this beautiful building now exists...with 100 needy children who live there and are now being educated. What some thought impossible becomes possible when God is in it.

When Global Action International began, we had many requests for schools around the world. At that time it was just a dream. Today we can say that God has done great and mighty things for Global Action International... We now have Bible schools in many countries training young people in the Word of God so they may go out in their countries and win souls for Christ. Many said it was impossible but today I can say that with God all things are possible. With your help we have sent studies, equipment and other vital things that must be obtained for successful teaching. Thank you for your continued financial help and for helping us to reach the nations for Jesus Christ.

WITH GOD ALL THINGS ARE POSSIBLE!
