### **Firm Foundation**

Gather your family near a bed or a large sofa with large cushions. Challenge one member of your family to try to balance on one foot standing on the bed or sofa. Then have the other family members use their hands to bounce and push down on the cushions to make the person standing lose his or her balance. Make it clear that no one can touch the person who is balancing. They can only touch the bed or sofa cushion they are standing on. Be ready to help catch the person who falls. After everyone has tried it, do the same thing with the person trying to balance on the floor. Have everyone else try to hit and stomp on the floor, but make sure that they don't touch the person balancing. Talk to your family about how it was easier to balance on the firm foundation. When we listen to God's Word and do what it says, our lives are on a firm foundation and even when the storms come, we can still stand. But if we listen to God's Word and don't do what it says, our lives will be as shaky as trying to balance on the bouncing bed or cushions.
