

District Ministry Commission Report  
for May 4, 2019

1. We interviewed Heather Manalo. We thought she did well in the interview, so we approved her license for ministry.
2. We made some plans for the Ethics Training which all pastors must take before the Five Year Review. Keep Aug 17 and Oct 26 open. More information will be coming later.
3. We also have been planning for the Five Year Review for ordained and licensed ministers. There has been a push for all ministers to adhere to the professional growth requirement of five CEUs, or one CEU per year. In the past some leeway was given, but the expectation of meeting the requirement is being stiffened. In other words, check your CEUs and send them in. If you are short, get moving. (There will be some consideration given to part time pastors who have a hard time scheduling around work schedules.)
4. Our next Dist Min Com meeting is scheduled for May 13.
