

# "Let's Go CHANGE the World"

Donations collected on Sunday, July 8 and Monday, July 9  
will support **RAINBOW ROOM** in Beaumont

The Rainbow Room is a valuable resource that benefits the whole spectrum of families of all colors, heritages, and races who are served by Child Protective Services. The Rainbow Room is an in-house emergency resource center that distributes new items, such as clothing, diapers and formula, to clients of CPS caseworkers. The most basic needs of a family in crisis are often unavailable, and caseworkers typically cannot provide the necessities from their personal resources. With the introduction of the Rainbow Room, assistance with basic needs becomes available. This is instrumental in keeping families together through traumatic times and can be equally critical in developing a helping relationship between workers and client families. Distribution of items such as clothing, diapers, car seats, and cleaning supplies to clients of the CPS caseworkers are free of charge. This program has been instrumental in keeping families together through traumatic times. Only through your generous contributions can we hope to meet the ongoing needs of the children in Jefferson County. "It's great to know that kind-hearted people are willing to help start Community Partners Boards around Texas... Children are incredibly resilient. With love and support, they can hurdle great obstacles. The sooner we begin taking care of them – and- the more we work together as a community – the brighter our children's futures will be." Mrs. Laura Bush Dedication of Beaumont's Rainbow Room; January 1997. **So bring your change each night and Let's Go CHANGE the World through this project!**

# "Let's Go CHANGE the World"

Donations collected on Tuesday, July 10,  
Wednesday, July 11 and Thursday, July 12 will support

## Cambodia: The Angel Dormitory Project

The goal of this project is to build a fully constructed Christian dormitory that house up to 50 children. This dormitory will transform the lives of children in the poverty stricken country of Cambodia. The children will then be able to live in a safe, clean environment, receive life changing education in addition to vocational training, and grow closer to Jesus Christ. The children will learn gardening and help to provide some of their own food through a sustainable garden plot on the dormitory grounds. They will raise fish (for food and for sale) in the dormitory fish pond. Outside mission teams will then be able to visit the dormitory regularly to help teach special skills, do ongoing projects and to love on the dormitory's children.

Other teams will be able to use the dormitory grounds as home base for ongoing mission to the rest of the nation of Cambodia. LCMS Staff will begin working with local Khmer Christians to find the children who are best suited to live at the Angel Dormitory facility. Preference will be given to children who show educational promise, and also to children who are orphaned or without educational opportunities at home. So bring your change each night and Let's Go CHANGE the World through this project!

**Help the poverty  
stricken country of  
Cambodia and its  
children!**
