

To my sister in Christ...I am so looking forward to seeing you on Saturday, October 28, 2017 for our 9th Annual Women's Conference.

The conference began under the leadership of Past President Joan Williams and continued through the tenure of our most immediate past President Sis. Patricia Dorman.

As I begin my tenure as President, I look forward to continuing our Annual Women's Conference which has always been a very enriching time as women from all throughout our District come together to fellowship, love on one another, but most of all become more equipped in our Kingdom building endeavors.

Please join me in prayer for our conference facilitators, our guest speaker and all of the young and seasoned women who will attend the conference. We believe God that He will usher us into Finer Womanhood as we strive to become Women of Passion and Purpose.
