

The 10.10 challenge:

We are challenging kids individually to find 10 people that will commit to \$10 a month from March until camp. We are encouraging kids to think of creative ways to work or earn the cash. Please send us a list of kids that have taken the challenge, we want to honor them at camp with a "BIG" gift. BGMC is so much more than just another collection for missions but a tool to get our kids exposed to missions in a very personal way. It's a tool for our kids to step out of their own world and see that they can make a difference for people around the world. It is a tool to ignite a passion for the lost. I pray you will encourage your kids to take the challenge.
