

SERVE to GIVE

Serve to Give is a Faith Assembly Women's Ministry campaign to serve our local non-profit organizations in order to raise funds for the Convoy of Hope Women's Empowerment Initiative. The Women's Empowerment Initiative encourages women around the world in impoverished countries to realize their value and reach their potential through job training and education. As a result of this initiative, many women now own a business and feed and care for their own children and families. The way Serve to Give works is the participant gathers pledges from others to volunteer at a local non-profit organization. It's a win/win...the non-profit receives much needed help and monies are raised for a great cause! **For more information, visit www.faithtricity.org/empower**

Serving our local community while raising funds for Convoy of Hope's Women's Empowerment Initiative
