

What if I am Facing a Challenge in my Life?

When I'm facing a challenging situation in my life - and we all do at various times - what resources for care are available at Faith Assembly? Who can I contact?

- Suggestion # 1: If you have some Christian friends, let them know you are hurting or struggling. The Bible encourages us to care for one another and share our burdens and in doing so, we are doing the highest thing God asks us to do.
(Gal. 6:2)
•
- Suggestion #2: If you're part of a life group let them know as soon as possible.
Be willing to receive their care.
•
- Suggestion # 3: If you're part of a ministry team, such a choir, youth leadership, Women's Ministries, etc., call your particular pastor or someone on that team.
•
- Suggestion # 4: If you're not sure who to call or what might be helpful, please call Kelly at the church office at 509-547-5773. She will be pleased to help you find a path forward. She can connect you with a group of caring Christians who live near you or a specific support group that meets here at the church; or you might benefit from meeting with a Christian counselor in the community we could refer you to; or a spiritual mentor you could meet with you once a week for awhile.
There is help and hope available.
•
- Suggestion # 4: If you're planning on or are already hospitalized, please also let Kelly know, 509-547-5773 and she will arrange for a Pastor to visit and pray with you should you desire.
•
- Suggestion # 5: After most worship services, there are people available to pray for you in the Hospitality Room.
•
- Suggestion #6: Once a month during the 9:00 Sunday Morning Service we encourage all who like prayer to come forward to be anointed with oil and prayed over by the leadership at Faith. Consider coming at that time.
•
- Suggestion #7: A pastor is always available during the day for a short time of prayer. Please contact Kelly at the church office, 509-547-5773 to set up and appointment.
