

# FUEL III

The Fuel has been open to every student in their respective youth group. This year we are planning a more focused Tour that will provide helpful tools for the development of student leaders, potential student leaders, and youth staff.

During this tour we'll be explaining "The Power of a Leader" and how that translates into each life whether you are a new or seasoned student leader or an experienced youth staff. We will be exploring some of the most important building blocks of each person's individual ministry and how your growth in your relationship with God will not only prepare you but will give you a solid foundation for your ministry and what God has given you the ability to accomplish. Finally we'll wrap up the Tour by helping you to not only prepare yourself but prepare and disciple others.

We live in a hurting world that can only be healed by the truth, grace, and love that comes from Jesus. Not only do they need to be shown that love but each hurting person needs someone to help them, to walk alongside and disciple them, to show them the way. The Fuel Tour has been dedicated to your personal growth and to help you in your relationship with the Lord. We do our best to provide opportunities of worship, Bible teaching, fellowship, instruction and other resources to help you better understand the truths of the Word. Our hope is that you would take the words and tools you learn and use them to touch another—in that way, you will touch the world. The Fuel Tour is under the leadership of the Pacific Region Youth Ministries Director,
