

Dear Friends and Family,

As we near the end of the year, we look back at 2010 in grateful awe at everything that has happened in our lives and ministry this year. It was a year of many difficult challenges but also wonderful blessings.

In this year our son Josh got married to a wonderful young woman, and they are serving together as full-time missionaries. Our daughter Jessica is engaged to be married in 2011, and we are happy that she has found a young man who truly loves the Lord. Jessica will graduate from nursing school in the spring, and Rachel and Rebekah will enter the nursing program in January. Jacob is a junior in high school and plays drums for the youth worship band at Nations Church.

The Living Hope Community has really started to become a dream-come-true for us this year, and we are grateful to know that the children will be in the permanent facilities in the next month or so!

However, these advances have not been without great struggle, both on a personal level and ministry-wide. We know that your faithful prayer support has helped to keep us moving forward in the grace of God, and we thank you with all our hearts.

As you know, we were negotiating the possible rental of a larger building for Nations Church. I'm sad to say that it was rented to someone else, so we are starting to search again for a building better suited to our growing church's needs. Please continue to pray that God would lead us to the right building at the right price.

We know that God is guiding us in our work with the families and community surrounding Nations Church and are pleased that many more are faithfully participating in ministry activities. In October, which we named "evangelism month," on one Saturday alone, youth and adults from the church went out to the streets around the church to share the gospel, and 175 people received Christ! The month of November is "family month," and we have several events planned for the church.

The La Viña School of Ministry students leave for their mission trip to remote villages in Oaxaca in a few weeks. We ask you to pray for their safety and for God to use them to touch many lives.

The children of Esperanza Viva Youth Home in Puebla are getting very excited about moving to their new home. They also are eager for Christmas to come, since that is the day when we all spend time with them playing, laughing, and enjoying their company. Of course, they also enjoy the presents and special holiday meal. The children in our Matamoros youth home are also looking forward to the Christmas festivities.

We pray that you and your families will have a very blessed Thanksgiving later this month, with many things to be grateful for this year.

Blessings,

Jerry & Susy McNally
