

# 200 YEARS OF FAITHFULNESS

## **Nothing ever stays the same.**

This congregation has been here for 200 years. We have already shared the building changes and our various ministers through the years.

But our faces have changed too. We have had other secretaries, other custodians, other elders and other deacons. Choir directors have come and gone. So have youth ministers, counselors, and Sunday school teachers.

Unfortunately we don't have records across those 200 years to name all those who have served. Photos are sparse, although we will share from among those we found. (See our hallway display.)

We've even changed what we've called ourselves, becoming Community Christian Church in 2012.

The only thing that has remained unchanged is our faith in Jesus.
