"Miracle" Happening

June 21 John's dad was told by the doctor he had a few weeks to live. Indeed, we talked about a funeral. Dad's fast growing cancer took 48 lbs off his body in a very short period of time. His 6'2" frame was down to 146 lbs and looked so weak. Many have been praying for a miracle with this terrible disease ever since. Chemo treatments began in July and have been very successful with little side effects. The latest body scan reveals no more cancer **hot spots** in dad's body! The cancer has shrunk significantly and dad has put back on half the weight he had lost. We are all thankful for God's grace and **yes** answer to our desperate prayers. We asked dad what has been the highlight in his battle thus far. He said, "The prayers of so many...God is doing a miracle." Many are giving thanks to God for turning things around and giving dad more time on earth with us.

BCIT student group

Over 440,000 post secondary students are converging on over 30 BC campuses in September. 27,000 are international students. God is helping our team prepare for the beginning of school with the addition of 4 more campus missionaries this summer to reach out to even more students.

The latest team member to come on board is Calvin Weber (pictured in red shirt) who is our first campus director at BCIT (40,000 students)! Calvin comes to us with years of experience in campus ministry. Please join us in prayer as the whole team reaches out to many new students. Also, **help connect** students you know with us through our campus locator link www.ucmonline.ca

Closer to Home

The summer has mostly been taken with working so far. We were able to take in two family reunions in August with over 150 people combined. It was a great time to connect and catch up with many relatives. Some of the activities included was a talent night, geo-caching, and golf. And of course lots of varieties of food! Our family is hoping to get away one more time for some camping before school begins.

God has been so faithful to us for 28 years as campus missionaries because your financial support. We are so grateful for the faithfulness of churches and individuals that comprise our “dream team” on both sides of the border. Thank you for making it possible for us to extend ministry to young adults on campuses.

We are looking for a few more ministry partners to come on our team. Let us know if you are interested or have any questions.

For students everywhere,

John & Nancy Engels
