

**LESSONS FROM THE  
BARNYARD**

**LIVE!**

It's a menagerie! Barnyard LIVE hosts and an assemblage of other characters interview experts in the field of animal science.

From histologist to plant pathologist to porcine psychologist, the "experts" try to describe the straight up gospel truth threaded from Genesis to Revelation...some successfully...others not so much. But beware! the pigs may stymie the show, and then there's that crafty garden snake...

Join us for some great laughs, amazing facts and dynamic truth as students present Lessons from the Barnyard: LIVE!
