

Narrative: Four Corners International Mission

An example of Four Corners International Mission's efforts to aid impoverished people throughout the world is our Uncle and Aunt Adoption Program.

Four Corners International Mission continues to support the residents of Salawa and Kabarnet...even the smallest ones. The abandoned ones like the children of Sunrise Social Development Home in Kabarnet. Not only is Four Corners International Mission launching this [Uncle and Aunt Adoption Program](#) for these orphans who live there, we provided funding of over \$10K to build a brand new dormitory, so that Sunrise can continue to meet the needs of the community by rescuing even more abandoned children. The [Uncle and Aunt Adoption Program](#) is a US-based ministry birthed from Four Corners International Mission and established to support and promote the well-being of orphaned children now residing at Sunrise.

We envision our efforts growing to include more orphanages, in Eldoret, as well as Uganda. Sunrise opened up as the result of a concerned family that found it in their hearts to take in these abandoned children. They receive no financial support from the Kenyan government and look solely to outside help from concerned individuals and organizations like those **YOU** represent.

The purpose of this program is to provide living assistance to the smallest of residents – babies, toddlers, and school-aged children from elementary to high school. We want to try to level the playing field by providing **EACH** of them with an opportunity to attend college or perhaps a trade school of their choosing. However, because of their present situation, tuition at post-secondary institutions is nothing more than a distant dream. These sponsorships will permit this program to take on life that will allow them to be able to fulfill these dreams, by providing **each** child with an option to attend either college or a trade school once they complete high school. **THIS IS WHERE WE NEED YOU!** Your tax-deductible contribution will provide the children with shelter, food, clean water, uniforms, shoes, books, and school supplies.

You will be able to track your sponsored child's progress through quarterly updates, which will also include information on all that Four Corners International Mission is accomplishing -- from adoption sponsorships, to special projects, and, of course, significant educational strides. These quarterly updates will soon be viewed here on our website and you will see how your financial gift is impacting the lives of your sponsored children. This website will be a great vehicle for you to follow our [Uncle and Aunt Adoption Program](#) through the connection to Four Corners International Mission.
