

These four questions could be used during any community group meeting. They may help the group to flow in a direction led by the Holy Spirit in cooperation with your leadership. Feel free to choose whether or not to use any of these questions on any given week.

1. What truth from Sunday's message inspired or encouraged you?
2. What point from Sunday's message did you find personally challenging or concerning?
3. Was there something else that happened on Sunday morning that spoke to you in some significant way?
4. How have you allowed your experience on Sunday to impact your life this week? Or how might you allow it to influence you?

Another way to word these same questions might be:

1. What did you **like**?
2. What might you **let go of**?
3. What about Sunday made a **lasting impression** on you?
4. How are you **living differently** now?

Thank you for your awesome leadership!
