Why Kingdom Ecosystems Yielding Entrepreneur Success

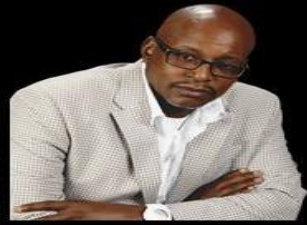

Someone once said that graveyards is one of the riches place in the world because so many people die with unrealized dreams and potential. K.E.Y.E.S. is designed to rob the grave of your greatness by helping you to see your unrealized dream and potential manifested into reality. Our Kingdom Ecosystem connects entrepreneurs with mentors, coaches, consultants for the purpose of developing entrepreneurs and their business. Our job is to help the right people find each other and when they do, ensure they are ready for SUCCESS!

Why Collaboration Works

Collaboration is one of the most important professional skills you can develop. It's about building two-way, mutually beneficial relationships – one person at a time. Aim to build long term relationships rather than just focusing on collaboration as a means to an end. Collaboration is much more than a technique to find out about potential opportunities. In fact, people who build strong collaborations are often better positioned to:

- leverage additional resources that may have been constraints
- create more opportunities for personal and career advancement
- be in touch with the right people to get 'things done'

Research has found that people who collaborate are better able to survive business closures, financial deficits, resourcing issues and redundancy. Collaboration is about enlisting the right people to help with your business through building relationships, asking for advice and sharing information and resources. Collaboration can include family, friends, or people you meet through study, employment, sport, clubs or other activities – in fact, anyone you meet and spend time talking to. *We invite you today to start an intentional relationship with K.E.Y.E.S. so we can assist with assessments, educations, coaching, mentoring and entrepreneur business development.*

Do You Know Yourself?

Written by Dante Gilliam, Director of Operations, K.E.Y.E.S.

Are you happy with the way your life is going? If not, you can with a few changes or modifications. There is still hope. However, it requires a strategic move that will most likely challenge the norms. Why keep doing the same things that keep giving you the same results? Do you know that the "key" to those changes are already within you? It takes self-evaluation to really see that you are the change agent to your destiny. When successful people connect with others, they can assist with making assessments of "what could be better?" Other people usually see the greatness within you and the hinderances that prevent you from manifesting. Establishing such partnerships to sharpen your potential and reach your goals is a bold move. Will you allow someone else to be honest with you? If you really want to improve, then it is time to make changes that will bring the results you desire.

It is said that if you want to know how to be successful, you should connect with successful people. If you want to learn how to be rich, spend time with rich people. You also need to ensure that you have something to bring to the table.... openness, trust and vulnerability. These characteristics are needed if you really want to take your life to the next level. Yes, you must have some type of gift or talent, however, raw potential must be finely tuned. Even if you feel you have already finely tuned your potential, staying relevant also requires the same characteristics. Collaborative discovery can bring an authentic perspective and appreciation of knowing yourself and moving to a new level of satisfaction.

Wisdom and Understanding

Written by Michael "Mickey" G Allen MA, CRC, CHA

Case Management and Counseling Coordinator

In my quest to become more knowledgeable about God's intents, precepts and commandments, I have committed myself to the process of increasing in my learning and understanding of His Word. In that same spirit, I encourage those of you who desire to increase your learning of the Word of God and how it relates in today's world to consider Tucson Bible College (TBC) as an appropriate vehicle.

When the Lord appeared to Solomon in a dream and asked him what he desired, Solomon requested "an understanding heart to judge thy people..." (I Kings 3:9). And in honoring his request, God also gave him wisdom and understanding. The learned and committed instructors at TBC offer students the opportunity increase their learning and understanding of God's Word and teach how to share it with the body of Christ, His church. When Moses called all Israel together (Deuteronomy 5:1) he said to them, "Hear, O Israel, the statutes and judgements which I speak in your hearing this day, that you may learn them, and keep them, and do them." I earnestly encourage anyone interested in so doing for your own edification and that of others to consider enrolling in one or a few courses at TBC to increase your knowledge and understand of God's Word.

Shifts, Seasons and Dimensions From Within

Written by Chanise Gilliam

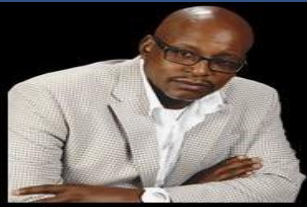

Here at New Destiny International our Leaders have declared that we are in a time of Shifts, Seasons, and Dimensions. As I have been meditating on that Apostolic decree, I heard the Lord saying the Shift begins within us!

This causes breakthrough into a Season that launches us into a "DUE" Dimension. Our thoughts, habit, and connections must synchronize with the shift for we are the vessels that will release the heart and mind of God into the earth. "Your Kingdom Come. Your will be done. On earth as it is in Heaven (Matthew 6:10).

2018 was a year of cultivating the ground of our hearts and minds which has been watered with intercession. Declaring what Father has spoken in the secret place and being faithful to bend and sway as He leads us. We will not be shaken or distracted by the process of being proven through trails and testing. As our internal alignment synchronizes with the shift. "Therefore" declarations of praise that rises from the inside sounds an alarm announcing, "The Shift Is HERE" breaking us forth into our season of "DUE DIMENSIONS".

You don't have to miss it! You can connect with us here at NDI by going to our website www.ndi.vision and also joining us during our Sunday Celebration at 10am- 4500 E Speedway Blvd Suite 109 Tucson, AZ 85712.
