

**A**t CCPC, we are blessed with a very dedicated Buildings and Grounds committee. The group consists mainly of past Session chairs of the committee who share an appreciation for the gifts and talents of past and present members who have given their time and money to build and care for our property. The committee meets monthly on the first Wednesday night to discuss the maintenance of our beautiful church buildings. Every month there is something that needs done. By the end of the meeting, tasks are assigned and the work scheduled. Twice a year, we invite the rest of the congregation to participate in outdoor cleanup. We are fortunate to have several members of the committee with extensive knowledge of commercial structures. Without the efforts of our volunteers, the cost of caring for our property would be much higher. Their devotion is more than just to the property; they are committed to the mission of the church.

Five years ago, the Session authorized a campaign to refurbish the Sanctuary. We tied the campaign to the 20<sup>th</sup> anniversary of the dedication of the Sanctuary in 1994. We replaced the peaked roof, three HVAC units, resurfaced the pews and replaced the fabric and pads, replaced the carpet, and installed a new sound and video system. Overall, we raised and spent about \$300,000.

We addressed every need except the flat roofs on both the Sanctuary and Dodds Hall. We knew these roofs needed attention, but decided to patch them until we found a solution that would offer a permanent fix. We spent \$10,000 for short-term repairs. We knew we were buying time, but the cost of waiting was minimal – we just had to replace lots of ceiling tiles. Over the last two years, the cost of waiting has increased. Major leaks have developed in the Atrium and rest rooms. The pre-school is worried about mold in the CE building. Something needs to be done now.

After considerable investigation of flat roof technology, the committee decided to hire FA Taylor & Sons, located in Baltimore, a full service commercial roofing company in operation since 1938. The company will remove the existing roofing and flashing down to the deck. They will replace all damaged sheeting under the roofing. They will install roof installation that is tapered to force the water to run down to four new roof drains located near the edge. Then, they will install a white rubberized material that when bonded, forms a seamless, sealed surface. Finally, they will install coated edge metal flashings. They will also replace the bad decking on the CE building.

The cost of the project will be between \$120,000 and \$125,000. The final cost depends on how much damaged sheeting must be replaced and how much material is needed to fix the drains and the covering of the entrance to the CE building. The work, which will begin when weather permits, will take approximately 16 days. Bob Brutout, our professional building supervisor (and resident thespian), will be onsite each day to see that the work is done properly.

How will this be paid? Well, we have some money remaining in the Building Fund. This money is left over from the sale of the Adult Day Care Center 11 years ago; some money also remains from the Capital Drive of 2004. It is not, however, sufficient to pay for the roofing project. We are also concerned moving forward to future expensive capital needs. Each year we have had to tap this fund for major capital projects. This year alone we spent \$40,000 on heating units and a hot water heater.

Session has been diligently discussing options to address our funding needs. At the annual meeting, we will lay out how we will seek to fund this project and how we will address current and future needs of the church.

Grace and peace,

James Brassard

## *Our Music Ministry in the New Year*

These are exciting times in the life of our music ministry here at CCPC! Our music program went into "high gear" during the fall months. Our newly formed Children's Choir sang three times and our Children's Bell Choir rang twice.

The season culminated in December as the Celebration Choir and Clinquant provided exquisite music for our *Lessons and Carols* service and Christmas Eve.

A very special thank you to Sara Huey, Matt Novak, Tristan Frank, Bruce and Astrid Jonas, Kim Gedrich and Tony Neff for their special contributions to our musical offerings!

As we begin the new year, we would like to invite you to consider joining our music ministry. The **Celebration Choir** is open to anyone who enjoys singing and is always eager to welcome new members. Clinquant, our adult bell choir, just purchased four octaves of choir chimes and will incorporate this brand new sound into our bell ringing in January! **Clinquant** has three vacant positions that we hope to fill as soon as possible.

The **Children's Choir** rehearses each Sunday morning during the first fifteen minutes of Sunday School (10:00-10:15) and the **Children's Bell Choir** rehearses immediately following the 11:00 a.m. service (usually 12:15-12:45.) We look forward to performing again in the months ahead! Children age 5 and above are welcome in both choirs.

This is the perfect time to join one of our choirs as we begin to "shift gears" by putting away old music and preparing new music for Lent, Holy Week, and beyond.

## Per Capita

Per capita funds allow us to connect and participate in the work of the wider church. Each member is asked to pay \$41.75 from the National Capital Presbytery for 2019. CCPC pays the full amount per member to the Capital Presbytery. We appreciate your contribution toward Per Capita this year. Please indicate it on your offering. Thank you!

# *Women's Circles*

"Circles" are groups that provide a supportive community to respond to the needs of the women in our congregation. Programs are planned by members, and each circle offers a slightly different focus. Circles meet monthly with devotions, prayers, and offerings for women around the world, and a lesson. For all women of CCPC (members and friends) here is a list of our circles, with descriptive introductions to give you more information about each one. If you're thinking of joining a circle, hopefully this will help you decide which one to try. Even if you weren't thinking of joining one, maybe one of these descriptions will trigger something inside you and you'll come anyway! Circles are open to all women; join (or at least visit) one and make new friends!
