

Mentoring Matters!

Volunteer 4 hours per month with the AIM Mentoring Program

In partnership with the Department of Youth Services (DYS), AIM Mentoring seeks to increase the number of youth attached to education and workforce opportunities for to DYS youth who are returning to their communities following residential treatment at a DYS facility.

Be a mentor with one of our community partners:

Family Service, Inc. in Lawrence/Haverhill • Morgan Memorial Goodwill in Boston
Old Colony YMCA in Brockton/Quincy • **Straight Ahead Ministries in Worcester** or
Boys & Girls Club Family Center in Springfield!

We are seeking mentors who:

- Are predominately males age 25 or older
- Have at least one year of employment history
 - Have a High school (GED) degree
- Are willing to take and pass the DYS CORI Screening.

All mentors will be formally trained by a community partner listed above. The mentoring model will be a site-based mentoring program that includes group activities that focus on education and employment. Activities can range from a visit to local employers, education institutions, cultural events, and activities.

We need you!
