DOUGHNUTS WITH DAD 2017

IN THE SPOTLIGHT: MRS. PERKIN'S
KINDERGARTEN CLASS

BY: ELIZABETH OAKES

Featured in this month's classroom spotlight is a class full of fun learning, Mrs. Perkins Kindergarten class! They are a class filled with bright and enthusiastic learners. They are learning about Native Americans in Social Studies, in Science they are learning about light, in Math they're studying addition, and in Bible they're studying Joshua and the battle of Jericho. They are also preparing for

November 29 when they will lead chapel. The kids of Mrs. Perkins class have one favorite subject, recess! If you were to ask this class to describe Mrs. Perkins, you would hear 'kindful', fun, sweet, pretty, 'smells good', awesome, and they love her. "However," they say, "Sometimes she can get 'gruffy'." As you can see, Mrs. Perkins has a great class that is clearly deserving of the December classroom spotlight.

MRS. TAMMIE WATSON: A TEACHER WITH NEARLY A LIFETIME OF EXPERIENCE.

BY: KATELYN DEAL

This month, Calvary Chronicles features a very special teacher with loads of experience, Mrs. Tammie Watson. Mrs. Tammie has taught a total of 22 years, and 17 years at Calvary! She has taught ages Pre-School all the way to Seniors in High School! In her 17 years at CCS, she has taught computer, Pre-School, and Middle School Bible, History, Latin, Speech, and Study Skills. Mrs. Tammie says that teaching was inside of her. Even at other jobs, she always taught in some way. She loves technical things. She has taught computer 15+ years of her 22 years of teaching! One year, Mrs. Tammie even taught a part time four-year-old class and computer at the same time! She has taught Middle School Speech classes for many years. Some of her students have even advanced from school speech contests to county, regional, and state competitions! She currently teaches Middle School Study Skills and will also teach Middle School Speech once again in the spring. Mrs. Tammie says, "I am proud of being geeky." She very smart, fun, and cares about students while working at a job she loves.

DOUGHNUTS WITH DAD

BY JACOB SCHULER

On November 10, Calvary Christian School had an annual event, thanking the fathers of the students here. It is called Doughnuts with Dad. The fathers, sons, daughters, and even a mom or two were able to enjoy delicious food and quality time with their families that they might not have been able to have during a normal day. Many people thought that the event was a great part, and in the words of the newspaper staff, "It rocked!" Many stomachs were full after the breakfast of sausage, biscuits, yummy baked oatmeal that had a mix of fruit, nuts, and oats,

with a splash of holiday flavors, hash brown casserole, and a delicious cherry danish/cobbler. And of course, no one could forget the delicious Krispy Kreme doughnuts, even if they were not the healthiest item on the buffet. This year, we had so many attendees that Mr. Mic Bowen, or "Mr. B", as the middle school students call the science/8th grade teacher, had to give his classroom over to the overflow! Doughnuts with Dad 2017 was a huge success and great morning for fathers to spend time with their children at CCS!

Thank you to all
parents who sent in

Great job to the people who completed last month's word search:

- Michael Vickery
- Joseph Dewees
- Kiana Combs

Be sure to complete this word search, put your name on it, and turn it in to the mailbox outside of Mr. Hess's office. If you do, your name will be in the next edition of the Calvary Chronicles, just like the students above!

MEMORY VERSE

1 Corinthians 13:4-5

Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It does not dishonor others, it is not self-seeking, it is not easily angered, it keeps no records of wrong.

Every day of this month, remember this memory verse. So when you are angry, dishonest, or envious remember this loving memory verse.

DEAR CAL

Dear Cal,

I like to study and do my homework with music on, but my mother doesn't think it's a good idea. I really want her to see my point of view and let me listen to music. What should I do?

Sincerely,

Jammer

Dear Jammer,

Listening to music while doing your homework or studying can be a great way to help you focus, but it also can be a big distraction. If you listen to music with words, you will most likely end up singing along to the words which may distract you. On the other hand, something I find very helpful is listening to instrumental music. I'm not saying you have to listen to Tchaikovsky or Beethoven or anything classical like that. For example, something that helps me a lot is the Piano Guys. They are a mostly instrumental group (cello and piano), who play tunes to very popular, well-known, and modern songs as well as traditional and even Christmas songs. I enjoy listening to them and they help me concentrate. You can look them up with your mom and see what she thinks. Or, feel free to use any other instrumental music that you think may help you concentrate. Whatever works for both you and your mom. I hope that both of you can come to an understanding soon.

Good Luck,

Cal
