

## March 2016 Toddler Newsletter

Hello Toddler Families! We have a very busy month of March planned for your children. Our first week theme will be under the sea, with fun science activities like examining seashells and reading fun books about ocean life. The second week we will be celebrating St. Patrick's Day early with activities like listening to Irish folk music, and shamrock flannel board stories. Third week we will have an Easter theme with an egg hunt in the classroom. The fourth week in March is Spring Break!!! Upon returning after Spring Break we will finish March off with a circus theme.

Please remember to send appropriate weather outdoor gear for your children, our walks are typically 20 minutes long, and if weather permits we will be on the playground for 30 minutes. Also please check the set of back up clothes in your child's backpack. Make sure they are appropriate for weather as well as the correct size.

Spring Break: March 18th-27th  
School will resume Monday March 28th

Happy Spring!!

Your Toddler Team,  
Ms. Webber and Mrs. Finnegan
