you do have options.

LaVie

Offering Hope. Empowering Women.

Is this pregnancy at a less than perfect time?

Our appointments are confidential and easy.

Offering Hope.

Are you pregnant?

It's never too late to talk to someone about your options.

Testing

Ultrasound

Dr. David Roberts
Heights Clinic Physician

Testing.

- Pregnancy Testing
- Pregnancy Options Counseling
- Confidential Support

LaVie provides medical services at two locations. During your confidential appointment, the RN's are on staff to answer questions concerning early pregnancy decisions. **Are you pregnant? Is your pregnancy viable? How far along are you?**

Pregnancy option counseling includes information about your three choices: abortion, adoption, and carrying to term. We can then connect you to the resources needed as you consider your options: Medically accurate information about abortion and abortion procedures, information and support about carrying to term and parenting, and information and referrals on the many adoption arrangements that are available to you. This counseling is provided so you can feel confident and comfortable with your decision.

Offering Hope!

Ultrasound.

An ultrasound is a simple, painless procedure that allows medical staff to see a picture of your pregnancy. This is an important step to determine if the pregnancy is viable by determining if there is a heartbeat and if the pregnancy is located within the uterus. The ultrasound also determines the gestational age (or how many weeks pregnant you are). Ultrasounds, like the other pregnancy services at LaVie, are provided to you without cost or obligation.

Education classes.

Classes, which are broken down by the stages of pregnancy, ("Duet") provide you with valuable information concerning your pregnancy. They range from what to expect during the 1st trimester, through labor and delivery, breastfeeding, and even newborn care. Participants are required to complete 9 of 12 classes in order to receive a beautiful baby shower in a basket (Layette), \$50 gift card at either Precious Seconds or Kidz Dudz, and a large box of diapers and baby wipes.

Empowering Women.

Knowledge

"I'm grateful for having the chance to see my baby. Now I have peace of mind."

FREE* STI (STD) Screening!

WOW! Aren't you glad that you don't have a sexually transmitted infection like gonorrhea, chlamydia, syphilis, HIV, or HPV? Oh, but you may. How do you know that you don't? These illnesses are increasing in frequency and if you or your partner has ever had sexual contact with anyone else, you are at risk.

For more information, visit www.laviebillings.com or www.cdc.gov/std/.

*There is a \$20 charge for HIV tests. Any outside lab charges will be the responsibility of the patient.

Our Services.

- Pregnancy Testing
- Options Counseling
- Post Abortion Support
- HIV Testing
- Education Classes
- Limited OB Ultrasounds
- Chlamydia & Gonorrhea Testing
- Complete STI Exams for Men and Women
- Women's Healthcare for All Ages
- Sports Physicals for Boys and Girls

*LaVie's services are either offered free of charge or at a substantially reduced rate.

LaVie provides information on birth control but does not refer, prescribe or perform birth control measures including performing vasectomies or abortions. LaVie does not provide prenatal or post natal care or mammograms.

LaVie is a nonprofit 501 (c)(3). Free or reduced services are available to our patients due to receiving grants and individual and business donations.

LaVie neither performs or refers for abortions, and does not profit from our patients' decisions regarding their pregnancy.
