EARLY CHILDHOOD EDUCATION

We encourage healthy growth in spirit, mind, and body, with cooperation and mutual respect for everyone. We nurture this through positive character development and by modeling these behaviors through teacher-children interactions. Through games, group activities, songs, creative drama, gym time, outdoor play, and story time, children will learn about the world around them. We believe in partnering with parents to encourage whole child development within a safe and nurturing environment.

Preschool Academy

NOW ENROLLING for 2018-2019

Ages 3-5

All kids have great potential. The Y is committed to helping young children learn, play and make friends as they work on skills that prepare them for the academic years ahead.

Financial Assistance is available for those who qualify. Children must be fully potty trained.

A \$30 non-refundable registration fee and completion of registration form holds your child's spot.

Class/teacher assignments and Welcome Packets will be available for pick-up by 3pm on July 18, 2018. A copy of your child's birth certificate and shot record must be on file prior to the start of school.

An optional child membership is available for the discounted preschool rate and will allow for discounted participation in other YMCA programs. September class fee is due by August 10. Child memberships are available at a rate of \$7 per month paid monthly, 3-months, 6-months or annually.

Junior Academy

Pre-K Academy

Must be 4 on or before August 1, 2018

We want children to perceive school as a fun and exciting place to be as we prepare them for kindergarten. For these students who are one year away from kindergarten, we focus on school readiness along with social and physical development. Our dedicated teachers will help your child reach his or her full potential and capabilities in fun and inviting classrooms. Staff meets with the PTS kindergarten teachers and develops curriculum around the latest requirements and standards. In addition to academic skills (colors, shapes, numbers, alphabet, spelling, reading readiness, early math skills, cutting, and life skills), we also have gym days, cooking activities, special events, field trips, and so much more. The year wraps up with a graduation ceremony in May.
