COMPUTER BASICS for SENIORS

PORTAGE TOWNSHIP YMCA

The saying, “You’re never too old to learn,” is something the Y believes in! Everyone is capable of learning something new at any point in their life and we would like to help you do just that! Technology is present in every aspect of our lives on a daily basis and computers are at the forefront. Join us for an Over 55, computer basics class, led by [Patti Boyer](#) of Computer Education Institute.
