

Portage Township YMCA

Join the **Portage Township YMCA Gardening Club** and help to transform existing spaces into peaceful outdoor sanctuaries for families of all ages!

Seeds were sprouted early in the season by our School's Out, Y's In program and are ready for planting! Crops include corn, cilantro, tomato, sweet pepper, basil, cucumber, green pod, lavender and pumpkin.

Wildlife homes (bugs & birds), rock garden, tic-tac-toe, hop-scotch, composting station, bench and fairy garden are all on the radar for this season.

Meet Weekly on Saturdays, 8am at the garden starting May 11

Register Online or at the Y.
